TRIBUTE TO THE DEAD

Services at the Capitol Over the Remains of Late President.

SOLEMN AND SIMPLE.

They Were Plain and Many Prominent Personages Were Present—Tremendous Crowd Caught in a Jam in the Rotunda.

Washington, Sept. 17.—Today the nation paid the last tribute of respect and admiration at the bier of the dead president. All the country had sent here its representatives to testify that the dead held a place deep in the nation's heart. Other nations had ordered their diplomatic and military representatives to be present as a token that they mourned with America in its loss. Ex-President Cleveland was here to take part in the ceremonies and, like President Roosevelt, paid his tribute first in private at the White House and later at the public service in the rotunda of the capitol. Many of the states were represented by their chief executives and part of their staffs. All branches of the national government, legislative, judicial and military were represented. Senator Frye, president pro tem of the senate, arrived from Maine early this morning. With him was Chief Justice Fuller of the supreme court, David B. Henderson the last speaker of the house of representative. Many others were present also of the legislative and judicial departments. The army and navy had the highest officers within reach of the city in attendance and all officers within the limits of the national capitol took part under orders, directing them to participate in the services of honor to their late commander-in-chief. From the south were General Longstreet and other former leaders of the Confederacy.

By 8:30 o'clock a distinguished assemblage gathered in the White House parlors, including President Roosevelt and wife and sister, ex-President Cleveland, members of the cabinet, representatives of the foreign powers, members of the supreme court, the army and the navy. Mrs. McKinley also was present, looking pale and weak, but composed. The parlor in which the casket lay was filled with magnificent floral tributes. Outside the escort was formed under command of General Brooke, consisting of regular soldiers and sailors, national guards, Grand Army of the Republic, Loyal legion, governors of states and staffs. At 9 o'clock the casket was borne from the house to the hearse while the Marine band played "Nearer My God to Thee." The cortege immediately took away to the capitol through avenue lined with reverent crowds.

At 10 o'clock the funeral cortege reached the capitol grounds and the casket containing President McKinley's remains was borne into the rotunda at 10:40 o'clock. Persons occupying seats arose as the body was brought in. The marine band again played "Nearer My God to Thee" as the casket was lifted out of the hearse and carried up the east steps of the capitol. President Roosevelt entered at 10:50. He was accompanied by Mrs. Roosevelt, and this was quickly followed by members of the house of representatives. Senator Frye, president pro tem, headed the senate and Speaker Henderson the house members. Cabinet, diplomatic corps and the army and navy followed one another into the rotunda in rapid succession. Admiral Schley was among the naval officers present. They were followed by the White House corps and they in turn by the senate. After these came the supreme court.

At three minutes of 11 the religious services at the capitol began by singing Cardinal Newman's hymn, "Lead Kindly Lights." It was sung by the choir of the Metropolitan Methodist Episcopal church. The hymn was followed by prayer by Dr. H. R. Naylor, presiding elder of the Methodist Episcopal church, Washington district. At 11:15 o'clock Bishop Andrews of the Methodist Episcopal church, began the funeral oration. Bishop Andrews' oration closed at 11:35 o'clock being of 20 minutes duration. Every seat in the rotunda was occupied and all aisles filled with people standing. "Nearer My God to Thee" was then sung by the choir, many of the audience joining. Services closed at 11:40 with a benediction by Rev. Chapman, temporary pastor of the president's church in Washington.

At 1 o'clock while the tremendous crowd was surging toward the east entrance of the rotunda, thousands of people, many of whom were women and children, were caught in the crush at the foot of the main stairs. Inadequate arrangements for handling the crowd seems to have been responsible for the crush. Scores of women and children fainted and many were borne into the

capitol where medical aid was rendered. The remains left here tonight for Canton, O., where final interment will take place Thursday noon.

CZOLGOSZ INDICTED.

Grand Jury Returns a Bill Against Him for Killing the President.

Buffalo, Sept. 17.—Leon Czolgosz, alias Fred Nieman, was indicted late Monday by the county court grand jury for the crime of murder in the first degree in fatally shooting President William McKinley at the Temple of Music in the Pan-American exposition grounds at 4:15 p. m., Sept. 6. When arraigned before Judge Emory in the county court the prisoner stubbornly refused to answer questions repeatedly asked of him by District Attorney Penney as to whether he had counsel or wanted counsel. The district attorney then suggested that inasmuch as the defendant refused to answer counsel should be assigned.

Judge Emory assigned Hon. Loran L. Lewis and Hon. Robert C. Titus, former supreme court justices of this city, whose names had been suggested by the Erie County Bar association. Czolgosz probably will be arraigned again this morning to plead to the indictment.

District Attorney Penney presented the evidence in the murder case to the grand jury. Aside from the surgeons and physicians in the case no witnesses were sworn other than those who were in the Temple of Music and witnessed the shooting.

A secret indictment was presented to Judge Emory in the county court in order to avoid a crowd, but the rumor that the murderer was to be arraigned spread and in a short time the court room was crowded.

After the indictment was reported the prisoner was driven from the penitentiary, a mile from the city hall, to the jail across the street from the hall. Czolgosz was then taken under a strong guard from the jail through the tunnel under Delaware avenue to the basement of the city hall and up stairs to the court room on the second floor. The prisoner was shackled to a detective and another detective held his arm. Assistant Superintendent Cusick marched in front and a number of patrolmen behind. When the prisoner was taken before the bench the crowd in the court room surged about him on all sides. They were compelled to resume their seats.

Czolgosz was stubborn, refused to talk and was taken back to prison in order that his lawyers may have time to consult with him.

Effigy of Czolgosz's Burned.

Chicago, Sept. 17.—An effigy designed to represent Leon Czolgosz, the assassin of McKinley, was set on fire and hanged to an electric light pole here on one of the busiest corners in Chicago. "Bring out Emma Goldman and we'll burn her too," cried a voice.

Dr. Saylin Released.

Chicago, Sept. 17.—Dr. Isaac Saylin, the Buffalo physician arrested here to investigate his dealings with the anarchist, Emma Goldman, was released by Magistrate Prindiville. There was no evidence against him.

Hanged in Effigy.

Union Jack Half Masked.

Washington, Sept. 17.—Acting Postmaster General Shallenberg has issued an order that out of respect to the memory of our late president all postoffices will be closed on Thursday, Sept. 19, after 10 o'clock a. m.

Spring Spouts Oil.

Ravia, I. T., Sept. 17.—Friday afternoon, when then the workmen in the asphalt rines, just opening up, discharged 300 pounds of blasting powder in order to tear up the asphalt, a spring 400 yards off was so disturbed that oil gushed up 6 or 8 feet for several hours. The spring is still running about 60 per cent oil. It is petroleum, of a darkish hue and more adapted to lubricating purposes than anything else.

EMMEL'S PRESCRIPTION PHARMACY.

McKinley, we recognize the loss to
our country of a man as president of
these United States who command-
ed the respect of all classes of citi-
zens; whose official acts gave every
assurance that he had at heart the
best interest of the nation and its
entire citizenship; whose daily life
was one of piety and devotion; and
the resignation with which he ac-
cepted the end showed him possessed
of an abiding faith in God. We
know him as a courageous soldier,
and the subtle and serious inter-
national situations with which he
has been confronted stamp him as
a wise and patriotic statesman, and
the tender manifestation of devotion
and love to his wife through her
years of affliction, has endeared him
in the home-life as an ideal husband.

Whereas, We bow in humble sub-
mission to the will of God in this
hour of national sorrow at the un-
timely death of our beloved presi-
dent, William McKinley, and de-
nounce in unspeakable terms the
manner in which he met his death,
sensible of the fact that in his death
"the nation and the people have sus-
tained an irreparable loss and organ-
ized government a violent assault
and society a most estimable mem-
ber."

Therefore, be it resolved, We ex-
tend to the wife and family of the
deceased president our sincere sym-
pathy in this their sad hour of be-
reavement and share with them their
sorrows and mourn their loss.

Resolved, That on the day of his
burial that there be a cessation of all
the business in the town of Bryan,
between the hours of 10 and 12 o'clock
a. m., and the bells toll in respect to
his memory while at that hour our
citizens will meet in memorial ser-
vice.

Resolved, That a copy of these
resolutions be published in the Bryan
papers Houston Post and Galves-
ton News, and a copy of same be for-
warded to his wife and family.

J. W. Doremus,
Chairman;
J. S. Mooring,
J. A. Adams,
H. B. Stoddard,
F. M. Law, Jr.,
J. W. Cavitt,
Malcolm Carnes,
Committee.

Timely, eloquent and patriotic
addresses were made by Prof. J.
H. Allen, Judge J. C. Scott, J. E.
Butler and Gen. H. B. Stoddard.
Each of the speakers eulogized
the dead president as a man of ex-
alted character, a citizen, a soldier
and a statesman and patriot of un-
blemished name and undying fame.
It was declared that the blow
which ended the life of the presi-
dent was struck not at him as a
man, but as the representative of
free government as expressed in
the will or the majority of the peo-
ple of the United States. The dan-
ger of anarchy, the necessity for its
suppression and the need for wis-
dom and discretion in solving the
problem, in order that the cher-
ished liberties vouchsafed by the
constitution may not be endan-
gered, were discussed, and tender
tributes and expressions of sym-
pathy were paid to Mrs. McKinley.
The meeting was deeply sincere in
all that was said and done, every
heart being full to overflowing
with the nation's sorrow.

A motion prevailed in accord-
ance with the resolutions to hold
memorial services at the opera
house at the time appointed and
the following committee on pro-
gram was named: L. L. McInnis,
J. H. Allen, Ed Hall, A. J. Buch-
anan, J. A. Myers, Joe B. Reed
and J. S. Mooring.

The meeting adjourned and af-
ter a short session the program
committee announced the follow-
ing program for the memorial ser-
vice:

PROCLAMATION.

In accordance with the resolutions
adopted in mass meeting, I as Mayor
of the City of Bryan, call upon this
entire community to meet together
and suitably observe the death of
our President, and receive some of
the lessons which it teaches.

I would ask that we show our sor-
row in respect to the name and mem-
ory of our late President as will be-
come us as law abiding patriotic peo-
ple.

Therefore, I, as Mayor of the City
of Bryan, request that upon the day
of his funeral, all stores, offices, and
places of business be closed between
the hours of 10 and 12 a. m., and that
there be cessation from all labor;
that our citizens and the pupils of
the schools meet at the Opera House
and hold such services as are appro-
priate to the occasion; that during
the time of 10 to 10:30 a. m. the bells
of the various churches of our City
be tolled in respect to the memory of
our deceased president, William Mc-
Kinley.

BODY AT WASHINGTON.

Remains at the White House and Ser-
vices Take Place Today.

Washington, Sept. 17.—The remains
of President McKinley reached Wash-
ington at 8:35 o'clock last night and
were immediately taken to the East
room of the White House, where for
more than four years he made his home
as the chief magistrate of the American
republic. Upstairs his widow mourned
for her dead in the family apartments
that brought back the saddest of memo-
ries. It was with simple ceremony and
a silence that fitted perfectly the sad-
ness of the occasion that the body of
the late president was borne up Penn-
sylvania avenue to the White House
and laid upon the bier in the great East
room where he had stood so often in the
pride of his manhood to receive the
greetings of the common people he
loved better than himself.

It was fitting that such ceremony as
there was, need be military in character
in recognition of the fact that the presi-
dent was the commander-in-chief of the
United States army and navy, nowhere
was there any civilian participation.
The streets about the station were filled
with mounted troops and the station
itself was occupied by stalwart soldiers
and sailors in uniform.

It was not so on the broad stretch of
avenue that led to the White House.
There the people strained in a vast mul-
titude against the stiff wire ropes
which restrained them from the space
marked out for the line of procession.

At 9 o'clock this morning the re-
mains were borne to the capitol where
religious services were held after which
the body of the late president will lie
in state in the rotunda for the remain-
der of the day. In the evening the re-
mains will be borne to the Pennsylva-
nia railroad escorted by a squadron of
United States cavalry and then con-
veyed to their final resting place at
Canton, O.

Mrs. McKinley stood the trip bravely.
In the morning soon after leaving Buff-
alo she pleaded so earnestly to be al-
lowed to go into the car where her dear
one lay that reluctant assent was given
and she spent half an hour besides the
coffin.

All the way the train was preceded
about 15 minutes by a pilot engine sent
ahead to test the bridges and prevent
the possibility of accident to the pre-
cious burden it carried. The train had
the right of way over everything.

MINERS MEET DEATH.

One Hundred Believed Dead in a Colo-
rado Mine by Gas Explosion.

Colorado Springs, Sept. 17.—A special
from Glenwood Springs, Colo., says a
frightful gas explosion occurred at 5:30
o'clock yesterday afternoon in the coal
mine in the Colorado Fuel and Iron
company at Spring Gulch, probably re-
sulting in the instant death of all t
miners at the time engaged in work, es-
timated at 100.

The concussion of the explosion was
terrible, and the entire entry was badly
caved in. Three bodies were recovered
from near the entry just after the ex-
plosion occurred, all badly mangled.

The telephone line to Spring Gulch
is down and a messenger was dispatched
to the office of the Pocahontas mine,
eight miles distant, where the telephone
connection was had with Glenwood
Springs.

A special train was ordered and all
the doctors in Glenwood Springs were
sent to the scene of the accident.

No definite information has yet reach-
ed here as to the number of men, but it
is supposed that the men at this mine
work until 6 o'clock, except those who
do contract work, and in that event it
is thought almost 100 men must have
been in the mine at the time of the ex-
plosion.

There is not one chance in a thousand
for many of them to escape with their
lives.

Cup Races Postponed.

New York, Sept. 17.—At a meeting
at the New York Yacht club between
America's cup challenger committee and
the representatives of the Royal Ulster
Yacht club it was decided as a mark of
respect to the memory of the late presi-
dent the date of the first race for Amer-
ica's cup should be changed to Thurs-
day, Sept. 26. The succeeding races are
to follow according to the original plan,
so that they will be sailed Saturday,
Sept. 28, Tuesday, Oct. 1, Thursday,
Oct. 3 and Saturday, Oct. 5.

The Engineer Killed.

Chattanooga, Sept. 17.—A headend
collision occurred on the Central of
Georgia road Monday near Lavender
station, 11 miles north of Rome, Ga.,
between a southbound freight and
northbound passenger train. Engineer
Gus Ayres of the passenger train was
killed and the conductor, baggagemaster
and express messenger slightly injured.
None of the passengers were injured.
The crew of the freight train jumped
and escaped injury.

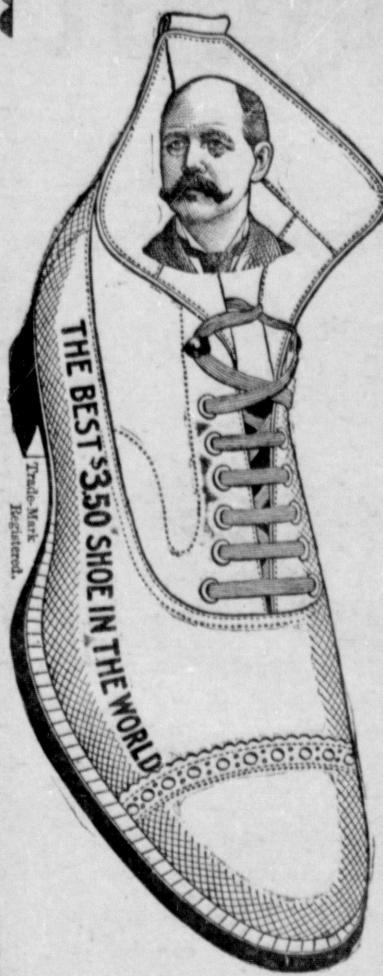

Duke and Duchess Reach Quebec.

Quebec, Sept. 17.—The duke and
duchess of Cornwall and York made
their formal entry into the Dominion of
Canada Monday, and were given a royal
welcome by the people whom they may
some day rule as king and queen. It
is probable that all functions of a social
nature will be suspended until after the
funeral of President McKinley.

British Steamer Ashore.

Charleston, S. C., Sept. 17.—The Brit-
ish steamer Sandia, loaded with phos-
phate rock from Dales Creek, is reported
ashore on North Breaker, St. Helena's
bar. A tug has gone to her assistance.

QUESTION ANSWERED.

Yes, August Flower still has the
largest sale of any medicine in the
civilized world. Your mothers' and
grandmothers' never thought of
using anything else for Indigestion
or Billiousness. Doctors were
scarce, and they seldom heard of
Appendicitis, Nervous Prostration
or Heart failure, etc. They used
August Flower to clean out the sys-
tem and stop fermentation of undig-
ested food, regulate the action of
the liver, stimulate the nervous and
organic action of the system, and
that is all they took when feeling
dull and bad with headaches and
other aches. You only need a few
doses of Green's August Flower, in
liquid form, to make you satisfied
there is nothing serious the matter
with you. Get Green's Prize
Almanac. For sale by Wilson-Jen-
kins Drug Co.

TEXAS LEGISLATURE.

House Makes Some Progress With Appropriation Bill.

BILL HALF FINISHED

It Is Said the Full Time Will Be Taken up in the Passage of the Measure—Confederate Pensions Increased by the House.

Austin, Sept. 17.—There are many members who now predict that the legislature will be here up to the limit fixed by the constitution for special sessions, and who say that the governor might as well give them some other work to do. That means that conscience and respect for the constitution at \$5 per day will continue until the constitution stops them.

During the proceedings yesterday Mr. Phillips appealed to the house to shut off the gas and get down to work. Otherwise, he said, it would be necessary for the governor to call another special session.

The house made fair progress in the five hours it worked on the appropriation bill and the committee of the whole is half through the bill. It has taken a full week to get this far, and it looks as if this week will be consumed in getting the bill out of the hole, as one of the house porters expressed it. Then the whole business will be gone over in the house, and some of the fights will be renewed there, notably the fight to restore the railroad commission appropriations.

Most of the time was consumed in discussing the item of \$250,000 a year for pensions of Confederate veterans. It was charged that there are frauds in those pensions, and that some persons get in the pension rolls who are not entitled to be there. The effort to strike out or reduce the appropriation failed almost unanimously and the Confederate soldiers will get about 18 cents a day instead of 10 cents a day as they do now.

The senate could not muster a quorum.

Storm in Coryell County.

Gatesville, Tex., Sept. 17.—A storm struck the northern part of this county late Saturday evening, doing much damage to property and one man is thought to be fatally hurt.

Near Bush, 18 or 20 miles north of here, a church was demolished and some residences wrecked. A buggyhouse was blown down on Louis Durham and it is believed he will die.

At and near Turnersville five residences were more or less damaged.

All the cotton that was open and un-picked was blown out and ruined.

Grading Has Begun.

Paris, Tex., Sept. 17.—Five hundred teams started to breaking ground on the Arkansas and Choctaw road Monday east of Goodland and 75 miles of the line from Ashdown, Ark., is under contract to be completed within 90 days. It is said that an important railroad town like South McAlester is to be built where the road will intersect the Frisco and that the railroad company is securing leases for land in the vicinity.

Another Triple Wedding.

Minden, Tex., Sept. 17.—A triple wedding occurred near here, the contracting parties being Edward Hudgins and Miss Jones, James L. Jones and Miss Hudgins and Miss Morris. All three couples were reared from childhood and the two first named boys are brothers-in-law both ways, having married each other's sisters.

Cracksmen at Mabank.

Several parties in the neighborhood were awake and reached the scene in time to see three men ride away on horses. ANOTHER THEORY.

New York Physician's Belief as to the Cause of President's Death.

New York, Sept. 17.—Physicians in this city are still much interested in the report of the post mortem examination made by the doctors who attended President McKinley. Several experts upon gunshot wounds are quoted as to President McKinley's death. One of these, Dr. Robert H. M. Dawbarn, thinks that Czolgosz shot the president with a dirty revolver and that the bullets fired from such close quarters carried a considerable amount of filth into the wound, poisoning the missile's entire track. He further states that ordinary microbes were introduced into the wound and that practically a culture cabinet for such microbes was supplied by the injured tissues. The result he thinks was the poisoning of the president's flesh through ptomaines and toxins. He doubts that the assassin intentionally poisoned the bullets, as has been suggested in some quarters.

Preacher Tarr'd and Feather'd.

Huntington, Ind., Sept. 17.—Joseph A. Wildman, United Brethren minister was tarr'd and feather'd by a crowd Monday night, then turned loose to wander back home. Sunday night he rose at a prayer meeting in one of the city churches and said:

"I suppose there has been more lies told from the pulpit and the sacred desk today than ever known before. While I want to give all honor that is due McKinley, still while he was living he was nothing but a political demagogue."

At this juncture a number of people became so indignant they left the church. Monday citizens decided on above summary action and carried out the plans. Wildman has no regular charge.

Anarchist Tied and Whipped.

Martinsville, Ind., Sept. 17.—Joseph Pelfer, an anarchist of this city who was knocked down by a bystander a week ago when he said he was glad President McKinley was shot, was visited by a party of unknown men Saturday night, taken to a grove near town, stripped, tied to a tree and severely whipped. Pelfer reiterated his joy during the past week, and is said to have expressed pleasure when the president died. The action taken by the whitecappers meets with general approval.

Grand Jury Condemns Anarchy.

New York, Sept. 17.—The Westchester county grand jury just before adjourning at White Plains, N. Y., adopted resolutions declaring that "anarchy is a foreign growth and dangerous to the institutions of our land, and recent events have shown that the murderous tenets of anarchism are being directed mainly against the law abiding millionaires of the United States."

The resolutions ask that all legislators state and national, "take every means possible to stamp out anarchy and its teachings."

Anarchists Trials Postponed.

Chicago, Sept. 17.—The anarchists habeas corpus hearing was adjourned until Monday next at the request of the prisoners.

INVESTIGATING COMMITTEE

House Adopts Resolution Appointing it to Act During Recess.

Austin, Sept. 17.—The house today adopted the concurrent resolution by a vote of 55 to 51 providing for the appointment of five representatives and four senators to make a thorough investigation of all the state departments and state institutions.

Mr. Palmer of Enath, introduced a substitute which was voted down providing that the committee take a special oath and that when investigating convict camps the convicts be examined separately and apart from any guard or penitentiary officials.

During the debate some rather sensational assertions were made that there have been some gross irregularities existing in some of the departments and some sensational developments are expected. The committee will meet during the recess and report to the next legislature.

Memorial services will be held Thursday in the hall of representatives in respect to the memory of President McKinley.

The house committee of the whole considered the general appropriation bill. The appropriation for the state lunatic asylum was passed, also the Southwestern Insane asylum and the North Texas Insane asylum. All efforts to amend the bill failed.

The house committee appointed to investigate the state departments has prepared its report. It will report that all departments are in proper condition and that there are no grounds for rumors that officials made assessments on clerks to pay campaign expenses. Comptroller Love is clearly vindicated.

TRIBUTE TO THE DEAD

Services at the Capitol Over the Remains of Late President.

SOLEMN AND SIMPLE.

They Were Plain and Many Prominent Personages Were Present—Tremendous Crowd Caught in a Jam in the Rotunda.

Washington, Sept. 17.—Today the nation paid the last tribute of respect and admiration at the bier of the dead president. All the country had sent here its representatives to testify that the dead held a place deep in the nation's heart. Other nations had ordered their diplomatic and military representatives to be present as a token that they mourned with America in its loss. Ex-President Cleveland was here to take part in the ceremonies and, like President Roosevelt, paid his tribute first in private at the White House and later at the public service in the rotunda of the capitol. Many of the states were represented by their chief executives and part of their staffs. All branches of the national government, legislative, judicial and military were represented. Senator Frye, president pro tem of the senate, arrived from Maine early this morning. With him was Chief Justice Fuller of the supreme court, David B. Henderson the last speaker of the house of representative. Many others were present also of the legislative and judicial departments. The army and navy had the highest officers within reach of the city in attendance and all officers within the limits of the national capitol took part under orders, directing them to participate in the services of honor to their late commander-in-chief. From the south were General Longstreet and other former leaders of the Confederacy.

By 8:30 o'clock a distinguished assemblage gathered in the White House parlors, including President Roosevelt and wife and sister, ex-President Cleveland, members of the cabinet, representatives of the foreign powers, members of the supreme court, the army and the navy. Mrs. McKinley also was present, looking pale and weak, but composed. The parlor in which the casket lay was filled with magnificent floral tributes. Outside the escort was formed under command of General Brooke, consisting of regular soldiers and sailors, national guards, Grand Army of the Republic, Loyal legion, governors of states and staffs. At 9 o'clock the casket was borne from the house to the hearse while the Marine band played "Nearer My God to Thee." The cortege immediately took away to the capitol through avenue lined with reverent crowds.

At 10 o'clock the funeral cortege reached the capitol grounds and the casket containing President McKinley's remains was borne into the rotunda at 10:40 o'clock. Persons occupying seats arose as the body was brought in. The marine band again played "Nearer My God to Thee" as the casket was lifted out of the hearse and carried up the east steps of the capitol. President Roosevelt entered at 10:50. He was accompanied by Mrs. Roosevelt, and this was quickly followed by members of the house of representatives. Senator Frye, president pro tem, headed the senate and Speaker Henderson the house members. Cabinet, diplomatic corps and the army and navy followed one another into the rotunda in rapid succession. Admiral Schley was among the naval officers present. They were followed by the White House corps and they in turn by the senate. After these came the supreme court.

At three minutes of 11 the religious services at the capitol began by singing Cardinal Newman's hymn, "Lead Kindly Lights." It was sung by the choir of the Metropolitan Methodist Episcopal church. The hymn was followed by prayer by Dr. H. R. Naylor, presiding elder of the Methodist Episcopal church, Washington district. At 11:15 o'clock Bishop Andrews of the Methodist Episcopal church, began the funeral oration. Bishop Andrews' oration closed at 11:35 o'clock being of 20 minutes duration. Every seat in the rotunda was occupied and all aisles filled with people standing. "Nearer My God to Thee" was then sung by the choir, many of the audience joining. Services closed at 11:40 with a benediction by Rev. Chapman, temporary pastor of the president's church in Washington.

At 1 o'clock while the tremendous crowd was surging toward the east entrance of the rotunda, thousands of people, many of whom were women and children, were caught in the crush at the foot of the main stairs. Inadequate arrangements for handling the crowd seems to have been responsible for the crush. Scores of women and children faint and many were borne into the

capitol where medical aid was rendered. The remains left here tonight for Canton, O., where final interment will take place Thursday noon.

Insurance on President's Life.

New York, Sept. 17.—The amount of insurance carried by President McKinley is placed at \$67,000. This includes a policy for \$50,000 in the New York Life Insurance company, \$7000 in the Mutual Michigan Life Insurance company and \$10,000 in the Connecticut Insurance company.

CZOLGOSZ INDICTED.

Grand Jury Returns a Bill Against Him for Killing the President.

Buffalo, Sept. 17.—Leon Czolgosz, alias Fred Nieman, was indicted late Monday by the county court grand jury for the crime of murder in the first degree in fatally shooting President William McKinley at the Temple of Music in the Pan-American exposition grounds at 4:15 p. m., Sept. 6. When arraigned before Judge Emory in the county court the prisoner stubbornly refused to answer questions repeatedly asked of him by District Attorney Penney as to whether he had counsel or wanted counsel. The district attorney then suggested that inasmuch as the defendant refused to answer counsel should be assigned.

Judge Emory assigned Hon. Loran L. Lewis and Hon. Robert C. Titus, former supreme court justices of this city, whose names had been suggested by the Erie County Bar association. Czolgosz probably will be arraigned again this morning to plead to the indictment.

District Attorney Penney presented the evidence in the murder case to the grand jury. Aside from the surgeons and physicians in the case no witnesses were sworn other than those who were in the Temple of Music and witnessed the shooting.

A secret indictment was presented to Judge Emory in the county court in order to avoid a crowd, but the rumor that the murderer was to be arraigned spread and in a short time the court room was crowded.

After the indictment was reported the prisoner was driven from the penitentiary, a mile from the city hall, to the jail across the street from the hall. Czolgosz was then taken under a strong guard from the jail through the tunnel under Delaware avenue to the basement of the city hall and up stairs to the court room on the second floor. The prisoner was shackled to a detective and another detective held his arm. Assistant Superintendent Cusick marched in front and a number of patrolmen behind. When the prisoner was taken before the bench the crowd in the court room surged about him on all sides. They were compelled to resume their seats.

Czolgosz was stubborn, refused to talk and was taken back to prison in order that his lawyers may have time to consult with him.

Effigy of Czolgosz Burned.

Union Jack Half Masked.

Spring Spouts Oil.

Ravina, I. T., Sept. 17.—Friday afternoon, when then the workmen in the asphalt mines, just opening up, discharged 300 pounds of blasting powder in order to tear up the asphalt, a spring 400 yards off was so disturbed that oil gushed up 6 or 8 feet for several hours. The spring is still running about 60 per cent oil. It is petroleum, of a darkish hue and more adapted to lubricating purposes than anything else.

MASS MEETING OF CITIZENS

Held at Opera House—Addresses, Reso-
lutions and Program for Mem-
orial Services.

Pursuant to a call of Mayor J.
S. Mooring a large crowd assem-
bled at the opera house Monday
night to give suitable expression
to the profound sorrow felt by the
people of Bryan on account of the
death of President McKinley, the
deep sympathy in the hearts of all
for his wife and family, and to
voice the unmeasured condemna-
tion of the assassin.

On motion Mr. J. Allen Myers
was made chairman and E. A.
Berry, secretary. The object of
the meeting having been stated, a
committee was appointed to draft
resolutions. The committee at once
retired and pending their report
Major L. L. McInnis paid a glow-
ing tribute to the life, character
and public services of the martyred
president.

The report of the committee on
resolutions was read by Chairman
J. W. Doremus and unanimously
adopted. The report was as fol-
lows:

RESOLUTIONS.

We, the citizens of Bryan in mass
meeting assembled, irrespective of
political views or party affiliation,
desire to give public expression to
our deep sorrow over the death of
our president, William McKinley,
and in accordance therewith draft
the following as the sincere expres-
sion of our feelings:

Whereas, We are deeply shocked
by the horrible crime of the assassin
which in this country has no excuse
or justification—a crime unprovoked
as it is abominable—the manner of
his death is appalling to every lib-
erty loving citizen of this nation,
which has always been the guardian
of individual rights and liberties,
the sacred guarantor of the freedom
of thought and speech; a govern-
ment which insures to every indi-
vidual the privilege of worshipping
God according to the dictates of his
own conscience, creates conserva-
tion and awe, that we should be
confronted with any social disorders
or any organization inimical to its
rulers. The events of the past week
call for prompt and speedy legisla-
tion against anarchy. Laws
should be enacted, both state and
federal, which will suppress their
teachings and banish their advo-
cates from our land. The principles
and laws by which we are governed
and govern were created and bap-
tized in the blood of our ancestors,
and we now, who by inheritance enjoy
the blessings resulting from a faith-
ful execution of the same, regard
them as too sacred to be overthrown.
Whereas, In the death of William

McKinley, we recognize the loss to
our country of a man as president of
these United States who commanded
the respect of all classes of citi-
zens; whose official acts gave every
assurance that he had at heart the
best interest of the nation and its
entire citizenship; whose daily life
was one of piety and devotion; and
the resignation with which he ac-
cepted the end showed him possess-
ed of an abiding faith in God. We
know him as a courageous soldier,
and the subtle and serious inter-
national situations with which he
has been confronted stamp him as
a wise and patriotic statesman, and
the tender manifestation of devotion
and love to his wife through her
years of affliction, has endeared him
in the home-life as an ideal husband.

Whereas, We bow in humble sub-
mission to the will of God in this
hour of national sorrow at the un-
timely death of our beloved presi-
dent, William McKinley, and de-
nounce in unspeakable terms the
manner in which he met his death,
sensible of the fact that in his death
"the nation and the people have sus-
tained an irreparable loss and orga-
nized government a violent assault
and society a most estimable mem-
ber."

Therefore, be it resolved, We ex-
tend to the wife and family of the
deceased president our sincere sym-
pathy in this their sad hour of be-
reavement and share with them their
sorrows and mourn their loss.

Resolved, That on the day of his
burial that there be a cessation of all
the business in the town of Bryan,
between the hours of 10 and 12 o'clock
a. m., and the bells toll in respect
to his memory while at that hour our
citizens will meet in memorial ser-
vice.

Resolved, That a copy of these
resolutions be published in the Bry-
an papers Houston Post and Galves-
ton News, and a copy of same be for-
warded to his wife and family.

J. W. Doremus,
Chairman;
J. S. Mooring,
J. J. Adams,
H. B. Stoddard,
F. M. Law, Jr.,
J. W. Cavitt,
Malcolm Carnes,
Committee.

Timely, eloquent and patriotic
addresses were made by Prof. J.
H. Allen, Judge J. C. Scott, J. E.
Butler and Gen. H. B. Stoddard.
Each of the speakers eulogized
the dead president as a man of ex-
alted character, a citizen, a soldier
and a statesman and patriot of un-
blemished name and undying fame.
It was declared that the blow
which ended the life of the presi-
dent was struck not at him as a
man, but as the representative of
free government as expressed in
the will or the majority of the peo-
ple of the United States. The dan-
ger of anarchy, the necessity for its
suppression and the need for wis-
dom and discretion in solving the
problem, in order that the cher-
ished liberties vouchsafed by the
constitution may not be endan-
gered, were discussed, and tender
tributes and expressions of sym-
pathy were paid to Mrs. McKinley.
The meeting was deeply sincere in
all that was said and done, every
heart being full to overflowing
with the nation's sorrow.

A motion prevailed in accord-
ance with the resolutions to hold
memorial services at the opera
house at the time appointed and
the following committee on pro-
gram was named: L. L. McInnis,
J. H. Allen, Ed Hall, A. J. Buch-
anan, J. A. Myers, Joe B. Reed
and J. S. Mooring.

The meeting adjourned and af-
ter a short session the program
committee announced the follow-
ing program for the memorial ser-
vice:

PROCLAMATION.

In accordance with the resolutions
adopted in mass meeting, I as Mayor
of the City of Bryan, call upon this
entire community to meet together
and suitably observe the death of
our President, and receive some of
the lessons which it teaches.

I would ask that we show our sor-
row in respect to the name and mem-
ory of our late President as will be-
come us as law abiding patriotic peo-
ple.

Therefore, I, as Mayor of the City
of Bryan, request that upon the day
of his funeral, all stores, offices, and
places of business be closed between
the hours of 10 and 12 a. m., and that
there be cessation from all labor;
that our citizens and the pupils of
the schools meet at the Opera House
and hold such services as are appro-
priate to the occasion; that during
the time of 10 to 10:30 a. m. the bells
of the various churches of our City
be tolled in respect to the memory of
our deceased president, William Mc-
Kinley.
J. S. Mooring,
Mayor of the City of Bryan.

BODY AT WASHINGTON.

Remains at the White House and Ser-
vices Take Place Today.

Washington, Sept. 17.—The remains
of President McKinley reached Wash-
ington at 8:38 o'clock last night and
were immediately taken to the East
room of the White House, where for
more than four years he made his home
as the chief magistrate of the American
republic. Upstairs his widow mourned
for her dead in the family apartments
that brought back the saddest of memo-
ries. It was with simple ceremony and
a silence that fitted perfectly the sad-
ness of the occasion that the body of
the late president was borne up Penn-
sylvania avenue to the White House
and laid upon the bier in the great East
room where he had stood so often in the
pride of his manhood to receive the
greetings of the common people he
loved better than himself.

It was fitting that such ceremony as
there was, need be military in character
in recognition of the fact that the presi-
dent was the commander-in-chief of the
United States army and navy, nowhere
was there any civilian participation.
The streets about the station were filled
with mounted troops and the station
itself was occupied by stalwart soldiers
and sailors in uniform.

It was not so on the broad stretch of
avenue that led to the White House.
There the people strained in a vast mul-
titude against the stiff wire ropes
which restrained them from the space
marked out for the line of procession.

At 9 o'clock this morning the re-
mains were borne to the capitol where
religious services were held after which
the body of the late president will lie
in state in the rotunda for the remain-
der of the day. In the evening the re-
mains will be borne to the Pennsylva-
nia railroad escorted by a squadron of
United States cavalry and then con-
veyed to their final resting place at
Canton, O.

Mrs. McKinley stood the trip bravely.
In the morning soon after leaving Buf-
falo she pleaded so earnestly to be al-
lowed to go into the car where her dear
one lay that reluctant assent was given
and she spent half an hour besides the
coffin.

All the way the train was preceded
about 15 minutes by a pilot engine sent
ahead to test the bridges and prevent
the possibility of accident to the pre-
cious burden it carried. The train had
the right of way over everything.

MINERS MEET DEATH.

One Hundred Believed Dead in a Colo-
rado Mine by Gas Explosion.

Colorado Springs, Sept. 17.—A special
from Glenwood Springs, Colo., says a
frightful gas explosion occurred at 5:30
o'clock yesterday afternoon in the coal
mine in the Colorado Fuel and Iron
company at Spring Gulch, probably re-
sulting in the instant death of all t
miners at the time engaged in work, es-
timated at 100.

The concussion of the explosion was
terrible, and the entire entry was badly
caved in. Three bodies were recovered
from near the entry just after the ex-
plosion occurred, all badly mangled.

The telephone line to Spring Gulch
is down and a messenger was dispatched
to the office of the Pocahontas mine,
eight miles distant, where the telephone
connection was had with Glenwood
Springs.

A special train was ordered and all
the doctors in Glenwood Springs were
sent to the scene of the accident.

No definite information has yet reach-
ed here as to the number of men, but it
is supposed that the men at this mine
work until 6 o'clock, except those who
do contract work, and in that event it
is thought almost 100 men must have
been in the mine at the time of the ex-
plosion.

There is not one chance in a thousand
for many of them to escape with their
lives.

Cup Races Postponed.

New York, Sept. 17.—At a meeting
at the New York Yacht club between
America's cup challenger committee and
the representatives of the Royal Ulster
Yacht club it was decided as a mark of
respect to the memory of the late presi-
dent the date of the first race for Amer-
ica's cup should be changed to Thurs-
day, Sept. 26. The succeeding races are
to follow according to the original plan,
so that they will be sailed Saturday,
Sept. 28, Tuesday, Oct. 1, Thursday,
Oct. 3 and Saturday, Oct. 5.

The Engineer Killed.

Chattanooga, Sept. 17.—A headon
collision occurred on the Central of
Georgia road Monday near Lavender
station, 11 miles north of Rome, Ga.,
between a southbound freight and
northbound passenger train. Engineer
Gus Ayres of the passenger train was
killed and the conductor, baggagemaster
and express messenger slightly injured.
None of the passengers were injured.
The crew of the freight train jumped
and escaped injury.

Duke and Duchess Reach Quebec.

Quebec, Sept. 17.—The duke and
duchess of Cornwall and York made
their formal entry into the Dominion of
Canada Monday, and were given a royal
welcome by the people whom they may
some day rule as king and queen. It is
probable that all functions of a social
nature will be suspended until after the
funeral of President McKinley.

British Steamer Ashore.

Charleston, S. C., Sept. 17.—The Brit-
ish steamer Sandia, loaded with phos-
phate rock from Dales Creek, is reported
ashore on North Breaker, St. Helena's
bar. A tug has gone to her assistance.

QUESTION ANSWERED.

Yes, August Flower still has the largest sale of any medicine in the civilized world. Your mothers' and grandmothers' never thought of using anything else for Indigestion or Billiousness. Doctors were scarce, and they seldom heard of Appendicitis, Nervous Prostration or Heart failure, etc. They used August Flower to clean out the system and stop fermentation of undigested food, regulate the action of the liver, stimulate the nervous and organic action of the system, and that is all they took when feeling dull and bad with headaches and other aches. You only need a few doses of Green's August Flower, in liquid form, to make you satisfied there is nothing serious the matter with you. Get Green's Prize Almanac. For sale by Wilson-Jenkins Drug Co.

TEXAS LEGISLATURE.

House Makes Some Progress With Appropriation Bill.

BILL HALF FINISHED

It Is Said the Full Time Will Be Taken up in the Passage of the Measure—Confederate Pensions Increased by the House.

Austin, Sept. 17.—There are many members who now predict that the legislature will be here up to the limit fixed by the constitution for special sessions, and who say that the governor might as well give them some other work to do. That means that conscience and respect for the constitution at \$5 per day will continue until the constitution stops them.

During the proceedings yesterday Mr. Phillips appealed to the house to shut off the gas and get down to work. Otherwise, he said, it would be necessary for the governor to call another special session.

The house made fair progress in the five hours it worked on the appropriation bill and the committee of the whole is half through the bill. It has taken a full week to get this far, and it looks as if this week will be consumed in getting the bill out of the hole, as one of the house porters expressed it. Then the whole business will be gone over in the house, and some of the fights will be renewed there, notably the fight to restore the railroad commission appropriations.

Most of the time was consumed in discussing the item of \$250,000 a year for pensions of Confederate veterans. It was charged that there are frauds in those pensions, and that some persons get in the pension rolls who are not entitled to be there. The effort to strike out or reduce the appropriation failed almost unanimously and the Confederate soldiers will get about 18 cents a day instead of 10 cents a day as they do now.

The senate could not muster a quorum.

Storm in Coryell County.

Gatesville, Tex., Sept. 17.—A storm struck the northern part of this county late Saturday evening, doing much damage to property and one man is thought to be fatally hurt.

Near Bush, 18 or 20 miles north of here, a church was demolished and some residences wrecked. A buggyhouse was blown down on Louis Durham and it is believed he will die.

At and near Turnersville five residences were more or less damaged.

All the cotton that was open and un-picked was blown out and ruined.

Grading Has Begun.

Paris, Tex., Sept. 17.—Five hundred teams started to breaking ground on the Arkansas and Choctaw road Monday east of Goodland and 75 miles of the line from Ashdown, Ark., is under contract to be completed within 90 days. It is said that an important railroad town like South McAlester is to be built where the road will intersect the Frisco and that the railroad company is securing leases for land in the vicinity.

Another Triple Wedding.

Minden, Tex., Sept. 17.—A triple wedding occurred near here, the contracting parties being Edward Hudgins and Miss Jones, James L. Jones and Miss Hudgins and Miss Hudgins and James Hudson and Miss Morris. All three couples were reared from childhood and the two first named boys are brothers-in-law both ways, having married each other's sisters.

Cracksmen at Mabank.

Mabank, Tex., Sept. 17.—The safe of A. E. Gillespie of this place was blown open Sunday night and \$124 taken. Several parties in the neighborhood were awake and reached the scene in time to see three men ride away on horses. The robbers first broke into a nearby blacksmith shop and got tools with which to do their work.

Sentenced to Be Hanged.

Waco, Tex., Sept. 17.—Judge Sam R. Scott has sentenced Will King, a negro, to be hanged, the execution to take place Friday, Oct. 27 last. The doomed man killed Policeman Mitchell on Oct. 27 last. The court of criminal appeals affirmed the death verdict.

Poindexter a Candidate.

Cleburne, Tex., Sept. 17.—Judge William Poindexter was asked by one of his friends regarding his candidacy for congress and the judge replied: "It is my expectation to be a candidate for congress."

Two Buildings Demolished.

Walnut Springs, Tex., Sept. 17.—A severe wind and rain storm struck this place late Saturday doing considerable damage. Two buildings were demolished and about a dozen blown from their foundations.

Found Little Crime.

Henrietta, Tex., Sept. 17.—The grand jury of Clay county has adjourned, finding seven bills, six of which are felonies, which is the lightest finding of any grand jury for years.

More Bonds Purchased.

Washington, Sept. 17.—The secretary of the treasury Monday purchased \$1,500,000 long term 4 per cent bonds at \$1.40 flat.

Czar Sails for France.

Kiel, Prussia, Sept. 17.—The czar and zarina have sailed for France on the imperial yacht Standart.

ANOTHER THEORY.

New York Physician's Belief as to the Cause of President's Death.

New York, Sept. 17.—Physicians in this city are still much interested in the report of the post mortem examination made by the doctors who attended President McKinley. Several experts upon gunshot wounds are quoted as to President McKinley's death. One of these, Dr. Robert H. M. Dawbarn, thinks that Czolgosz shot the president with a dirty revolver and that the bullets fired from such close quarters carried a considerable amount of filth into the wound, poisoning the missile's entire track. He further states that ordinary microbes were introduced into the wound and that practically a culture cabinet for such microbes was supplied by the injured tissues. The result he thinks was the poisoning of the president's flesh through ptomaines and toxins. He doubts that the assassin intentionally poisoned the bullets, as has been suggested in some quarters.

Preacher Tarred and Feathered.

Huntington, Ind., Sept. 17.—Joseph A. Wildman, United Brethren minister was tarred and feathered by a crowd Monday night, then turned loose to wander back home. Sunday night he rose at a prayer meeting in one of the city church and said:

"I suppose there has been more lies told from the pulpit and the sacred desk today than ever known before. While I want to give all honor that is due McKinley, still while he was living he was nothing but a political demagogue."

At this juncture a number of people became so indignant they left the church. Monday citizens decided on above summary action and carried out the plans. Wildman has no regular charge.

Anarchist Tied and Whipped.

Martinsville, Ind., Sept. 17.—Joseph Peliferer, an anarchist of this city who was knocked down by a bystander a week ago when he said he was glad President McKinley was shot, was visited by a party of unknown men Saturday night, taken to a grove near town, stripped, tied to a tree and severely whipped. Peliferer reiterated his joy during the past week, and is said to have expressed pleasure when the president died. The action taken by the whitecappers meets with general approval.

Grand Jury Condemns Anarchy.

New York, Sept. 17.—The Westchester county grand jury just before adjourning at White Plains, N. Y., adopted resolutions declaring that "anarchy is a foreign growth and dangerous to the institutions of our land, and recent events have shown that the murderous tenets of anarchism are being directed mainly against the law abiding millionaires of the United States."

The resolutions ask that all legislators state and national, "take every means possible to stamp out anarchy and its teachings."

Anarchists Trials Postponed.

Chicago, Sept. 17.—The anarchists habeas corpus hearing was adjourned until Monday next at the request of the prisoners.

INVESTIGATING COMMITTEE

House Adopts Resolution Appointing it to Act During Recess.

Austin, Sept. 17.—The house today adopted the concurrent resolution by a vote of 55 to 51 providing for the appointment of five representatives and four senators to make a thorough investigation of all the state departments and state institutions.

Mr. Palmer of Erath, introduced a substitute which was voted down providing that the committee take a special oath and that when investigating convict camps the convicts be examined separately and apart from any guard or penitentiary officials.

During the debate some rather sensational assertions were made that there have been some gross irregularities existing in some of the departments and some sensational developments are expected. The committee will meet during the recess and report to the next legislature.

Memorial services will be held Thursday in the hall of representatives in respect to the memory of President McKinley.

The house committee of the whole considered the general appropriation bill. The appropriation for the state lunatic asylum was passed, also the Southwestern Insane asylum and the North Texas Insane asylum. All efforts to amend the bill failed.

The house committee appointed to investigate the state departments has prepared its report. It will report that all departments are in proper condition and that there are no grounds for rumors that officials made assessments on clerks to pay campaign expenses. Comptroller Love is clearly vindicated.
